NOTES ON NEWS OF THE DAY.

CONEY ISLAND had 20,000 summer visitors yesterday. It was a big day for the railroads, some of which ran 28 trains each way.

COL. ERHARDT took charge of the New York custom house this morning. He is confronted by two hundred applications for the eleven Deputy Collectorships. This gives him ample opportunity for the selection of good men.

MRS. HARRISON is said to have explained the President's paleness by saying that he "has worn himself out turning out Democrats." It was the carelessness of the Cleveland administration in appointing jailbirds and other rascals that is giving him all this tireless but necessary work.

THE steamship Wieland brought to Castle Garden yesterday the 320 passengers of the wrecked Denmark whom the Missouri left at the Azores. Nearly all of them were met by friends who were waiting for them. They report a pleasant and comfortable voyage, the ship not being overcrowded. Only one passenger died on the way. His name was Rasmus Anderson, and the cause of his death apoplexy.

ALL the saloons in Jersey City were closed yesterday, though the police had taken no action, and were surprised to discover their favorite resorts shut up. The explanation was that the grand jury is to meet on Wednesday, and no keeper knew where the lighting of an indictment would strike. Jersey City could well afford to support the grand jury in perpetual session if the result was always the same.

MONEY is being raised in Boston by the friends of Ireland to start factories in that country for boots and shoes, clothing and underwear. The object is to give employment to poor people who have been evicted from the farms. It is stated that an underwear factory in Mullingar, started on the same principle, is in a flourishing condition. The cheap competition of England cannot crush these enterprises if Americans buy the goods.

IN Covington, Tenn., Saturday night, Mayor Douglas led a party of ten men who tried to enter the house of Henry Donaldson, a negro, to lynch him on the charge of assaulting a white woman. When the door was nearly battered down Donaldson thrust a gun through it, and as Douglas stood in the way he received its contents and died. Accusing negroes of assaults is a favorite amusement of many Southern women when the lives of black men are wanted for political purposes. Womanly modesty and self-respect seldom stand in the way on such an occasion.

REV. MR. MILLARD, pastor of the First Presbyterian church, Rochester, criticized Harrison's administration in his sermon last evening, declaring that its principal work had been "the removals of tried officials, and the appointment of men noted for their political influence, rather than for their ability or worthiness." To-day Mr. Millard is in hot water, as many of his Republican parishioners propose to leave him. They could for give him if he had told the whole truth by speaking of the tried and convicted officials whom the administration has found it necessary to remove.

CHICAGO has a trunk mystery. Saturday night, very late, a trunk was carried through the streets at a furious rate, and in a little while the vehicle returned without it. Later a trunk looking like this one was found in a suburb called Lake View, in a ditch between two cemeteries. On being broken open it was found to be stained with blood and strewn with hair, as if it had held a murdered body. Dr. P. H. Cronin, an Irish physician, is missing, and it is thought that he may have been murdered and his body spirited away. He had been one of the leaders of the radical wing of the Irish party, and had frequently told his friends that he expected to be murdered.

PRESIDENT CARNOT of the French Republic was fired at yesterday by a crank named James Nicholas Perrau, just as he had entered his carriage in front of the Elysee palace to attend the centenary celebration at Versailles. The President was not injured, and it was found afterwards that the assassin's pistol was loaded with blank cartridges. Perrau said he had been treated unjustly by the government, and wished to call attention to his case. He received so much attention that when the mob got through with him he was hardly able to speak. The President performed his part at the opening without showing signs of disturbance.

THE secular press is hauling the good Bishop Potter over the coals for his pessimistic sermon at the Centennial, in a way that is very unpleasant to him. He appeals against the criticism, saying he did not "intend to attack individuals, but spoke against the tendency of the age." More allowance would be made for the Bishop if due consideration were given to the fact that he is a very rigid churchman. To him the earlier days seemed better than the present because Washington was an Episcopalian, while those who sat in his pew were only Presbyterians. If Gen. Harrison had belonged to the "Establishment" there would have been no pessimism in his discourse. The best of men have their weaknesses, as almost everybody has learned from his own experience.

BISHOP KEANE of Washington has returned from Rome and reports that he obtained the approval of the Pope for his university enterprise, though this was never given before until an institution was established and in successful operation. He also secured four European professors to serve as members of the faculty. They are Dr. Schroeder of Cologne, dogmatic theology, Dr. Bouquillon of Lyons, Holy Scriptures, and Dr. Pohle of Fuld, professor of philosophy. An American, Dr. Messmer of Seton college, will teach canon law. Charles Warren Stoddard, the author, will be the lecturer on English literature. Bishop Keane evidently intends to give his institution an impressive reputation at the outset, by collecting gentlemen of eminence to be its instructors.

THE BAFFLED BOOMERS.

Almost as Many Returning as There are Going.

OHIO FARMER BUNCOED.

Drew \$3,000 From a Bank With Which to Play Cards.

THE INFUX OF EMIGRANTS.

One Steamer Brought 1,361 In Its Steerage.

CONSUL-GENERAL AT PARIS

BAFFLED BOOMERS ARE RETURNING. One Thousand Wagons Counted Going and Eight Hundred Coming Back.

By Telegram to the Freeman. ARKANSAS CITY, Kan., May 6.—The suffering of the baffled Boomers finds most prominent evidence along the Northern border. Yesterday 1,000 wagons on the march down and 800 wagons on the way back were counted. The groves in the Arkansas and Walnut River Valleys that offered camps for the Boomers before the descent are filling again with the returning unfortunates. There are hundreds of families among them who have sold everything to make the trip, and now have nothing left. The sight of men, women and children who are thus unprotected for and desolate, with the mere frames of horses, surviving to drag them along, is pitiful. Guthrie still holds the majority of the population and is not yet formed. Oklahoma City is the most promising town site. Captain Crouch, the successor to Boomer Payne, was Saturday elected Mayor, defeating a pro-Boomer platform was against gambling and whiskey. As long as the latter is excluded, as it is now, serious trouble cannot occur in Oklahoma. WASHINGTON, May 6.—Colonel Wade reports that all is quiet in Oklahoma, and the scouts have discovered no attempts to settle in the Cherokee outlet.

HOW AN OHIO FARMER WAS BUNCOED.

Men Induced Him to Draw Money From a Bank to Play Cards.

By Telegram to the Freeman. CINCINNATI, May 6.—On Saturday at Washington Court House, two men induced farmer William Coffman to play with them in a trick game of cards and win \$3,000, but before playing they requested him to produce \$5,000 to show he was able to pay in case he lost. The old man went to the bank and borrowed \$5,000 in bills and returned to the farm, where, as soon as he displayed the money, the men seized it and, with drawn revolvers, drove off. The old man immediately sent out descriptions of the men by telegram, and offered a reward of \$2,000 for their arrest and the recovery of the money. Marshal Daley, of Leesburg, found the men at New Vienna, waiting for a Cincinnati train, and found \$5,136 on the person of one of them, most of it in the packages received from the bank.

GOV. DAVID B. HILL DID NOT SIGN

Law Amending New-York's Consolidated Act Relating to Police Department.

By Telegram to the Freeman. ALBANY, May 6.—The following additional acts have become laws: Chapter 215, amending the charter of Utica.

Chapter 226, amending New-York consolidated act relating to the Police Department. [Not signed.]

Findings of a Court-Martial.

By Telegram to the Freeman. WASHINGTON, May 6.—General Benet, Acting Secretary of War, today sent the proceedings and findings in the Armes court-martial to the President for his action. Under the new regulations the proceedings of court-martials ordered by the President take this course instead of first receiving the endorsement of the Commanding Major-General of the Army. If the old procedure had been followed it would have involved a delay of several weeks during General Schofield's absence in the West.

Labor Troubles in Two States.

By Telegram to the Freeman. ROCKVILLE, Conn., May 6.—The gingham mills of the White Manufacturing Company, started up this morning, many of the striking weavers having returned to work at a slight advance in wages.

NEW-BRUNSWICK, N. J., May 6.—There have been no further demonstrations at Sayreville since the Railroad Company withdrew the cars.

Has Embraced Christianity.

By Telegram to the Freeman. SALEM, Mass., May 6.—Miss Kin Kato, who came to this country from Japan five years ago to be educated, left for home today. During her stay here she embraced Christianity, and was yesterday admitted to membership in the Tabernacle Church.

In Favor of Georgia.

By Telegram to the Freeman. WASHINGTON, May 6.—The Court of Claims today gave judgment for \$35,555 in favor of the State of Georgia in its suit against the United States to recover money advanced to the Government during the Revolutionary war.

To Be Consul-General at Paris.

By Telegram to the Freeman. BALTIMORE, May 6.—A special from Washington says that E. King, of Baltimore, formerly Naval Officer at that port, has, it is said, been decided upon at the State Department for Consul-General at Paris.

Her Sight Restored.

By Telegram to the Freeman. RICHMOND, Va., May 6.—The operation performed two weeks ago upon the eye of Mrs. Sidney Smith Lee, mother of Governor Lee, has proved successful and her sight is restored.

A Senate Committee Investigating.

By Telegram to the Freeman. NEW-YORK, May 6.—The Senate Committee which is to investigate the alleged ownership by Canadian corporations and capitalists of American railroads assembled this morning.

Attempted Assassination.

By Telegram to the Freeman. LITTLE ROCK, Ark., May 6.—A letter from Morrill says an attempt to assassinate ex-Sheriff Harry Conbletz was made Saturday afternoon by Oby Bentley.

Was 100 Years Old.

By Telegram to the Freeman. GLEN COVE, L. I., May 6.—Mrs. Mary Nolan, a native of Ireland, who resided here many years, died this morning, aged 100 years and nine months.

The French Exposition.

By Cable to the Freeman. PARIS, May 6.—President Carnot formally opened the Exposition this afternoon.

PAPER MILL FIRED AT WATERTOWN.

The Watchman Arrested and Charged with the Crime—The Loss \$500,000.

By Telegram to the Freeman. WATERTOWN, May 6.—The Ontario paper mill, which is located about three miles from this City, and is one of the largest mills in Northern New York, was set on fire in four different places at about 1 o'clock this morning, but was not destroyed, owing to the good fire-fighting facilities in the building and the work of the City Fire Department. The mill had recently been completed at a cost of \$500,000. There is every reason to believe that the fire was kindled by James Warden, the night watchman, who was the only man besides the fireman in the mill last night, work on full time not having commenced. The fire was set in various parts of the building, and the out-buildings were also fired, two of them, the blacksmith shop and the store-house, besides a dwelling, which stood near by, being burned to the ground. When the fire was started the watchman went to a house near by and dragged a woman down the steps, telling her to come out and see the big fire. Then he went into the main building and began to break the windows, though by that time the fire there were under control. He was stopped by a citizen, who told him he was under arrest and was taken to his home, about half a mile distant, where he immediately went to bed. It is now known whether he was intoxicated or insane. He is now under arrest.

PROMINENT PEOPLE WHO ARE ILL.

Ex-Congressman Bass Said to Be Growing Weaker; Condition of Secretary Cook.

By Telegram to the Freeman. NEW-YORK, May 6.—Ex-Congressman Bass was reported, this morning, by his physician, as resting quietly but growing weaker.

The condition of Secretary Cook continues to improve. The invalid is much better, but yesterday he was slightly feverish, but today the fever has entirely left him. The invalid's general functions are good.

WASHINGTON, May 6.—Secretary Windom is better to-day, but not well enough to leave his house. His condition has been much more serious than was supposed. He had a severe attack of cholera morbus Thursday night which did not fully subside until Saturday night. He feels much stronger to-day, so much so that he was able to leave his bed and dictate several letters to his Secretary.

FAMILY OF FOUR PERSONS DROWNED.

Attempt Made to Cross Swollen Mountain Stream Resulted in Disaster.

By Telegram to the Freeman. BROOKTON, W. Va., May 6.—Yesterday P. B. Harr, living near here, started to visit a neighbor with his wife and two children. A mountain stream in their path was swollen out of its banks but Harr attempted to cross it in a canoe. Half way over the boat capsized and the family were thrown out. The wife and one child immediately sank. Harr, who was an expert swimmer, managed to seize the other child and made desperate efforts to escape. He caught on to the canoe but was swept down stream and perished before help could reach him. The bodies have been recovered.

Ruling by Treasury Department.

By Telegram to the Freeman. WASHINGTON, May 6.—Acting Secretary Baehner has informed the Secretary of State that the legal officers of the Treasury Department are of the opinion that the Secretaries of Legation and other mere diplomatic officers have been charged to execute the required certificates to invoices of merchandise shipped to the United States and exact fees for such service. The authentication of invoices is by law restricted to consular officers.

Bunker Hill Anniversary Orders.

By Telegram to the Freeman. WASHINGTON, May 6.—The Commandant of the Navy Yard at Boston has been directed to direct a National salute, noon to sunset on June 17, the anniversary of the Battle of Bunker Hill, and, if in his judgment proper and expedient, to direct the Marines to take part in the parade.

Steamer Had 1,418 Passengers.

By Telegram to the Freeman. BOSTON, May 6.—The steamer Catalonia, which arrived from Liverpool this morning, brought the largest number of passengers ever landed from one vessel at this port. Its list included 16 cabin, 41 intermediate and 1,361 steerage passengers.

Kicked to Death by a Horse.

By Telegram to the Freeman. BALTIMORE, May 6.—A boy named John Cockey, while riding a horse from a field near Timonium, on Friday, was thrown and became entangled in the harness. The horse then kicked the boy to death.

Perrin Was Insane.

By Cable to the Freeman. PARIS, May 6.—Perrin, who fired a blank cartridge at President Carnot yesterday, was recently treated for insanity. His mental trouble was due to a fever contracted in the Colonies.

Boulangists' Residences Searched.

By Cable to the Freeman. PARIS, May 6.—The houses of 16 members of the Boulangist party at Neuilly have been searched by the police.

THE STOCK AND MONEY MARKET.

Financial Doings on Wall-Street To-Day—The Leading Closing Quotations.

By Telegram to the Freeman. NEW-YORK, May 6.—The stock market began the new week with a quiet business. First prices were generally lower, the declines extending to 1 per cent. The early transactions in the live list were marked by no feature and were confined almost exclusively to Reading, Oregon Trans-Continental, Atchinson and Northern Pacific preferred. At 11 o'clock the market was steady.

SIX PERSONS DROWNED.

Sloop Capsized in the Bay of St. Andrews, N. B.

JOEL B. ERHARDT SWORN IN.

Entered Upon His Duties as Collector of Port of N. Y.

THAT WALKING MATCH.

Score in Madison Square Garden This Afternoon.

THE WORLD IN MINIATURE.

SLOOP CAPSIZED IN ST. ANDREWS BAY. Six Persons Drowned—A Government Cruiser Grappling for the Bodies.

By Telegram to the Freeman. ST. JOHNS, N. B., May 6.—Six persons left St. Andrews, Saturday afternoon, in a sloop for their home at a neighboring place called Didiquash. About 3 o'clock, while still in St. Andrews Bay, a man named Holt saw the sloop capsize. He pulled his own boat to the spot but the little vessel and all the men had gone to the bottom. The Government fishery protection cruiser is grappling for the bodies. The names of the lost are J. McLennan and his son John, Isaiah Flynn and his nephew, Clementson Flynn, Henry Barnes and Thomas Anderson. Some of the dead were married men with families.

That Walking Match.

By Telegram to the Freeman. NEW-YORK, May 6.—At 2 P. M. the score in the walking match in Madison Square Garden was as follows: Hegelman, 82; Cartwright, 77; Connor, 77; Herby, 75; Ray, 74; Davis, 73; Day, 72; C. Smith, 71; Cox, 70; Glyck, 69; Dwyer, 69; Burns, 69.

Successful Dock Trial.

By Telegram to the Freeman. BALTIMORE, May 6.—The United States gunboat Petrel has had its dock and at the Columbia Iron Works, and its engines and machinery worked admirably. The official trial will take place soon.

Being Tried in Jersey City.

By Telegram to the Freeman. JERSEY CITY, N. J., May 6.—The trial of Public Works Commissioners Kern and Watt and ex-Commissioners Reynolds and Hilliard was commenced to-day.

Joel B. Erhardt Sworn In.

By Telegram to the Freeman. NEW-YORK, May 6.—Joel B. Erhardt was sworn in as Collector of the Port of New-York this morning, and has entered upon the discharge of his duties.

Weather Indications.
WASHINGTON, May 6.—Indications for Tuesday: Fair, stationary temperature, winds shifting to westerly.

THE IRREPRESSIBLE CONFLICT.

THE FREEMAN is not inclined to have the "bloody shirt" in relation to events that are past and have been outgrown by the love of peace and devotion to the Union. The atrocities perpetrated by the Southern people during the war were not a surprise to those who had read Charles Sumner on "The Barbarism of Slavery," and these things the Northern people have tried to forgive and forget. But we are twenty-five years away from slavery now, and during that time the South has had an equal chance with the rest of the country—a much better chance than the settlers of the wild West—to bring its civilization up to the highest standards. If it still indulges in shocking and needless crimes, the people of the United States have a right to ask concerning them, and to inquire why they are perpetrated.

Hon. William E. Chandler has done more than perhaps any other man to trace out current crime in the South and to uncover the influences that are perpetuating it. In August last he wrote concerning eleven murders of colored men at Fretown, Liberia Parish, La., by a white crowd under Capt. Cade. These men had committed no offense against the law whatever. They were hunted to the house of their pastor, Rev. Celestine Rose, where they sought refuge. This house the white gang riddled with bullets, and as the negroes were driven out they were shot down one by one.

Mr. Chandler shows how effective these murders were politically. The majorities given in Liberia parish for several years previous had been: 1878, Republican 570; 1880, Republican 635; 1882, Republican 860; 1884, Republican 570. Then began the manipulations of the Democratic ring, and a good deal of the Republican vote was thrown out. But even in April, 1888, the Republicans were credited by the ring with 590 votes, while Nicholls, the Democratic candidate for Governor, was awarded 1,923. Between this and the Presidential election the eleven murders above narrated took place and the result on President was: Cleveland 1,594, Harrison 9. The murders appear to have accomplished their object.

Troubles were renewed in January last. In a quarrel on the 25th of that month a white man named Trainor was shot and killed by a negro named Sam Wakefield. The latter was lynched an hour later by a mob. It is not stated that this was a political murder, but the white Democrats were quick to turn it to political account. On the 27th the town of New Iberia was plastered with notices informing Adolphe Wakefield, Jim Rosewood and nine other colored men, accused of being accessories to the killing of Trainor, that they must leave the parish before noon of that day, or they would be "promptly dealt with by the whites." As a result of this notice Rosewood was murdered. He had left town with the rest, but he was detected and hanged to the cross-beam of a bridge in the most public thoroughfare of the town. A bag containing his clothes and a small quantity of food was found upon him, and proved that he had been strung up a half-hour earlier than the first ladies of the place would have passed under his dangling corpse on their return from the opera.

Mr. Chandler produces an advertisement which he finds in the *Atlanta Constitution* of December 20th, offering for sale "five bloodhounds, trained to trail negroes or convicts." He also quotes a local item from Hopkinsville, Ky., of the torture of a five year old colored girl by some half grown white boys named Wilson with whom she had been left in charge by their mother. The boys stripped off her clothing, tied her to a post and beat her, and then thrust her in the fire and held her there till her eyes were burned out. He also quotes from the *Cru-sader* and other papers several instances in which negroes on being arrested were led to jail or to court with ropes around their necks. The effect of this is brutalizing in the last degree. Political objects are at the bottom of all these crimes. The Southern people, in order to keep the negro in subjection, are setting an example which is making brutes and murderers of their children.

Mr. Chandler has been an earnest advocate of a process of investigation of these outrages and their causes and of legislation for the better protection of the colored people. Whenever he rose to speak in Congress on the subject he was assailed by the whole Democratic press as an enemy of peace, a foe of the South and a public disturber. But the government has not yet done its full duty to the negro, whose emancipation cast helpless among his enemies. The ballot was indeed given him and expected to prove a weapon of defense, but this very right has embittered the antagonism against him and made it more dangerous. It is time to ponder the truth of Senator Ingalls's declaration that the two races can never assimilate. Legislation that stops short of separation and the colonization of the negroes in a state by themselves must only aggravate the difficulty.

THE EIGHT-HOUR AGITATION.

The Federation of Labor has undertaken to push the eight hour issue on a plan that will leave nothing else to be tried. The agitation is to be kept up for a year, or till May 1st, 1890, with local strikes here and there to keep public attention continuously occupied, the whole to be concluded with one grand and universal strike which will force its adoption. When this is done the labor agitator will have exhausted his ingenuity, and if success does not follow, further agitation will probably be useless.

A much easier way, it seems to us, might be obtained through legislation. If the workmen of the state of New York, for instance, want an eight hour law they can easily elect men to the next Legislature who will vote for one. These politicians, eager for popular favor, can be much more easily persuaded than the hard-headed men of business who manage their affairs without regard to politics. The employer of labor is naturally averse to the adoption of an eight hour system, as disturbance, delay and loss would be expected to follow and continue until the entire business of the country had become adapted to it. But a still more serious objection is the wish of the workmen to continue to receive the

wages of ten hours for the labor of eight. It is across this rock of difference that the movement usually breaks. The employer does not wish to pay ten hours' wages for eight hours' work; the workman does not wish to surrender twenty per cent of his wages to help on the great reform.

An eight hour system, vigorously enforced, would without doubt confer a great many benefits. It would give the employed workman more time to devote to his family, his garden, his newspaper or base ball. It would make room for the employment of ten workmen where eight are now employed. It would operate favorably to employers when business was dull, and make the task lighter for night workers when business was so brisk as to call for constant operations. All these things can be said in advocacy of the movement. Against it stands the single fact that employers will never pay ten hours' wages. They will not because they cannot, and laws, even if enacted, cannot force them to do it. They are always left the alternative of closing their doors, and this they would do, not in isolated instances here and there, but by a grand combination in protest against an edict of tyranny.

If the workmen of the country are prepared to give up a portion of their wages for a shorter day, they can easily get an eight hour law passed by giving attention to the legislative elections. But if they seek it through strikes they are likely to fail, because employers are always stronger than the employed when provoked to strike back. But if a law is passed let it be rigid. Let penalties be provided for those who, working by the piece, exceed their eight hours, and those who in times of hurry work double hours. If we are to have an eight hour law, the benefit of the unemployed should be made the first consideration. The workman who wants an eight hour law in the expectation of getting pay for two hours of idleness is selfish, but he who desires it in order that some needy friend may take his place and his pay for two hours is a philanthropist.

Mr. Chandler shows how effective these murders were politically. The majorities given in Liberia parish for several years previous had been: 1878, Republican 570; 1880, Republican 635; 1882, Republican 860; 1884, Republican 570. Then began the manipulations of the Democratic ring, and a good deal of the Republican vote was thrown out. But even in April, 1888, the Republicans were credited by the ring with 590 votes, while Nicholls, the Democratic candidate for Governor, was awarded 1,923. Between this and the Presidential election the eleven murders above narrated took place and the result on President was: Cleveland 1,594, Harrison 9. The murders appear to have accomplished their object.

Troubles were renewed in January last. In a quarrel on the 25th of that month a white man named Trainor was shot and killed by a negro named Sam Wakefield. The latter was lynched an hour later by a mob. It is not stated that this was a political murder, but the white Democrats were quick to turn it to political account. On the 27th the town of New Iberia was plastered with notices informing Adolphe Wakefield, Jim Rosewood and nine other colored men, accused of being accessories to the killing of Trainor, that they must leave the parish before noon of that day, or they would be "promptly dealt with by the whites." As a result of this notice Rosewood was murdered. He had left town with the rest, but he was detected and hanged to the cross-beam of a bridge in the most public thoroughfare of the town. A bag containing his clothes and a small quantity of food was found upon him, and proved that he had been strung up a half-hour earlier than the first ladies of the place would have passed under his dangling corpse on their return from the opera.

Mr. Chandler produces an advertisement which he finds in the *Atlanta Constitution* of December 20th, offering for sale "five bloodhounds, trained to trail negroes or convicts." He also quotes a local item from Hopkinsville, Ky., of the torture of a five year old colored girl by some half grown white boys named Wilson with whom she had been left in charge by their mother. The boys stripped off her clothing, tied her to a post and beat her, and then thrust her in the fire and held her there till her eyes were burned out. He also quotes from the *Cru-sader* and other papers several instances in which negroes on being arrested were led to jail or to court with ropes around their necks. The effect of this is brutalizing in the last degree. Political objects are at the bottom of all these crimes. The Southern people, in order to keep the negro in subjection, are setting an example which is making brutes and murderers of their children.

Mr. Chandler has been an earnest advocate of a process of investigation of these outrages and their causes and of legislation for the better protection of the colored people. Whenever he rose to speak in Congress on the subject he was assailed by the whole Democratic press as an enemy of peace, a foe of the South and a public disturber. But the government has not yet done its full duty to the negro, whose emancipation cast helpless among his enemies. The ballot was indeed given him and expected to prove a weapon of defense, but this very right has embittered the antagonism against him and made it more dangerous. It is time to ponder the truth of Senator Ingalls's declaration that the two races can never assimilate. Legislation that stops short of separation and the colonization of the negroes in a state by themselves must only aggravate the difficulty.

SPECIAL BUSINESS NOTICES.

THAT TIRED FEELING
Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It cures the blood, and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

'MY SON IS A SON 'TILL HE GETS HIM A WIFE
Both my son and my daughter took Little River Pills regularly. It regulated the bowels and always cures sick or bilious headache, indigestion, has taken every part of the body, and also expels all impurities from the blood. Try it this season.

Rheumatism is caused by an acid in the blood; therefore, external treatment affords no permanent relief. To eliminate the poison and make a thorough cure of the disease, nothing else is so efficient as Ayer's Sarsaparilla. Give it a trial. Price \$1. Worth \$3 a bottle.

One of my children, a girl about nine years old, had a very bad discharge from her head and nose of a yellow matter. We had two physicians for her, but without benefit. We tried Dr. S. J. Lane's Balm, and much to our surprise, there was a marked improvement. We continued using the Balm, and in a short time the discharge was apparently cured.—O. A. Cory, Corning, N. Y.

100 LADIES WANTED.
And 100 men to call on any druggist for a free trial package of Lane's Family Medicine, the great root and remedy discovered by Dr. S. J. Lane while in the Rocky Mountains. For diseases of the liver, kidneys, stomach, bowels, and all nervous disorders. Will cure Biliousness, Piles, Constipation, Kidney Complaint, Urinary Diseases, Female Weakness, Rheumatism, Neuralgia and all nervous disorders.

Why suffer Pains and Aches?
Why tormented with Piles, Constipation?
Why frightened over Disordered Kidneys?
Why endure nervous or sick headache?
Why have sleepless nights?

Use Paine's Celery Compound and rejoice in health. It is an entirely vegetable remedy, harmless in all cases.

PAIN'S

CELERY COMPOUND

ACTS AT THE SAME TIME ON

The Nerves,
The Liver,
The Bowels,
and the Kidneys.

This combined action gives it wonderful power to cure all diseases.

Because we allow the nerves to remain weakened and irritated and these great organs to become clogged or torpid and poisonous humors are therefore forced into the blood that should be expelled naturally.

By quieting and strengthening the nerves and causing free action of the liver, bowels and kidneys and restoring their power to throw off disease.

Why suffer Pains and Aches?
Why tormented with Piles, Constipation?
Why frightened over Disordered Kidneys?
Why endure nervous or sick headache?
Why have sleepless nights?

Use Paine's Celery Compound and rejoice in health. It is an entirely vegetable remedy, harmless in all cases.

PAINE'S CELERY COMPOUND

Will cure Biliousness, Piles, Constipation, Kidney Complaint, Urinary Diseases, Female Weakness, Rheumatism, Neuralgia and all nervous disorders.

WASHINGTON, May 6.—Indications for Tuesday: Fair, stationary temperature, winds shifting to westerly.

THE IRREPRESSIBLE CONFLICT.

THE FREEMAN is not inclined to wave the "bloody shirt" in relation to events that are past and have been outgrown by the love of peace and devotion to the Union. The atrocities perpetrated by the Southern people during the war were not a surprise to those who had read Charles Sumner on "The Barbarism of Slavery," and these things the Northern people have tried to forgive and forget. But we are twenty-five years away from slavery now, and during that time the South has had an equal chance with the rest of the country—a much better chance than the settlers of the wild West—to bring its civilization up to the highest standards. If it still indulges in shocking and needless crimes, the people of the United States have a right to ask concerning them, and to inquire why they are perpetrated.

Hon. William E. Chandler has done more than perhaps any other man to trace out current crime in the South and to uncover the influences that are perpetuating it. In August last he wrote concerning eleven murders of colored men at Fretown, Liberia Parish, La., by a white crowd under Capt. Cad. These men had committed no offense against the law whatever. They were hunted to the white gang riddled with bullets, and as the negroes were driven out they were shot down one by one.

Mr. Chandler shows how effective these murders were politically. The majorities given in Liberia parish for several years previous had been: 1878, Republican 570; 1880, Republican 635; 1882, Republican 860; 1884, Republican 570. Then began the manipulations of the Democratic ring, and a good deal of the Republican vote was thrown out. But even in April, 1888, the Republicans were credited by the ring with 500 votes, while Nichols, the Democratic candidate for Governor, was awarded 1,293. Between this and the Presidential election the eleven murders above narrated took place and the result on President was: Cleveland 1,594, Harrison 9. The murders appear to have accomplished their object.

Troubles were renewed in January last. In a quarrel on the 25th of that month a white man named Trainor was shot and killed by a negro named Sam Wakefield. The latter was lynched an hour later by a mob. It is not stated that this was a political murder, but the white Democrats were quick to turn it to political account. On the 27th of the month of New Iberia was plastered with notices informing Adolph Wakefield, Jim Rosewood and nine other colored men, accused of being accessories to the killing of Trainor, that they must leave the parish before noon of that day, or they would be "promptly dealt with by the whites." As a result of this notice Rosewood was murdered. He had left town with the rest, but stole back at night to recover some of his effects, and was detected and hanged to the cross-beam of a bridge in the most public thoroughfare of the town. A bag containing his clothes and a small quantity of food was found upon him, and proved that hunger had driven him to risk his life. Had he been strung up a half-hour earlier the last ladies of the place would have passed under his dangling corpse on their return from the opera.

Mr. Chandler produces an advertisement which he finds in the Atlanta Constitution of December 20th, offering for sale "five bloodhounds, trained to trail negroes or convicts." He also quotes a local item from Hopkinsville, Ky., of the torture of a five year old colored girl by some half grown white boys named Wilson with whom she had been left in charge by their mother. The boys stripped off her clothing, tied her to a post and beat her, and then thrust her in the fire and held her there till her eyes were burned out. He also quotes from the *Cruiser* and other papers several instances in which negroes on being arrested were led to jail or to court with ropes around their necks. The effect of this brutalizing in the last degree. Political objects are at the bottom of all these crimes. The Southern people, in order to keep the negro in subjection, are setting an example which is making brutes and murderers of their children.

Mr. Chandler has been an earnest advocate of a process of investigation of these outrages and their causes and of legislation for the better protection of the colored people. Whenever he rose to speak in Congress on the subject he was assailed by the whole Democratic press as an enemy of peace, a foe of the South and a public disturber. But the government has not yet done its full duty to the negro, whom emancipation cast helpless among his enemies. The ballot was indeed given to him, and he was expected to prove a weapon of defense, but this very right has embittered the antagonism against him and made it more dangerous. It is time to ponder the truth of Senator Ingalls's declaration that the two races can never assimilate. Legislation that stops short of separation and the colonization of the negroes in a state by themselves must only aggravate the difficulty.

THE EIGHT-HOUR AGITATION.

The Federation of Labor has undertaken to push the eight hour issue on a plan that will leave nothing else to be tried. The agitation is to be kept up for a year, or till May 1st, 1890, with local strikes here and there to keep public attention continuously occupied, the whole to be concluded with one grand and universal strike which will force its adoption. When this is done the labor agitator will have exhausted his ingenuity, and if success does not follow, further agitation will probably be useless.

A much easier way, it seems to us, might be obtained through legislation. If the workmen of the state of New York, for instance, want an eight hour law they can easily elect men to the next Legislature who will vote for one. These politicians, eager for popular favor, can be much more easily persuaded than the hard-headed men of business who manage their affairs without regard to politics. The employer of labor is naturally averse to the adoption of an eight hour system, as disturbance, delay and loss would be expected to follow and continue until the entire business of the country had become adapted to it. But a still more serious objection is the wish of the workman to continue to receive the

wages of ten hours for the labor of eight. It is across this rock of difference that the movement usually breaks. The employer does not wish to pay ten hours' wages for eight hours' work; the workman does not wish to surrender twenty per cent of his wages to help on the great reform.

An eight hour system, vigorously enforced, would without doubt confer a great many benefits. It would give the employed workman more time to devote to his family, his garden, his newspaper or base ball. It would make room for the employment of ten workmen where eight are now employed. It would operate favorably to employ-ment when business was dull, and make the task lighter for night workers when business was so brisk as to call for constant operations. All these things can be said in advocacy of the movement. Against it stands the single fact that employers will never pay ten hours' wages. They will not because they cannot, and laws, even if enacted, cannot force them to do it. They are always left the alternative of closing their doors, and this they would do, not in isolated instances here and there, but by a grand combination in protest against an edict of tyranny.

If the workmen of the country are prepared to give up a portion of their wages for a shorter day, they can easily get an eight hour law passed by giving attention to the legislative elections. But if they seek it through strikes they are likely to fail, because employers are always stronger than the employed when provoked to strike back. But if a law is passed let it be rigid. Let penalties be provided for those who, working by the piece, exceed their eight hours, and let us in times of hurry work double hours. If we are to have an eight hour law, the benefit of the unemployed should be made the first consideration. The workman who wants an eight hour law in the expectation of getting pay for two hours of idleness is selfish, but he who desires it in order that some needy friend may take his place and his pay for two hours is a philanthropist.

MONTANA.

The Oklahoma movement has awakened the country to the fact that a great many American people are in want of farms and are willing to settle upon and cultivate the cheap lands of the government. For this reason some information is being published about Montana. We are told that the great Milk River Reservation, which was opened about a year ago, contains 17,500,000 acres, or about nine times as large an area as Oklahoma. This reservation alone would make a state as large as South Carolina, which claims to be supporting over a million people.

This land was purchased of the Indians by the government for \$4,300,000, which is about 25 cents an acre. Reports concerning its fertility are not as favorable as those of Oklahoma which preceded its occupation, but which are now found to have been exaggerated. There is no doubt, however, of the adaptability of the country to stock raising, as profitable a branch of agricultural industry as any that is practiced in the United States, and requiring less labor than the tilling of the soil. The raising of cattle, horses and sheep has already been successfully pursued and is capable of immense development. And if the Milk River region of Montana lies to the Northwest and looks cold, the testimony of those who have visited it proves that it is a much more genial and comfortable country for a Northern man than Oklahoma with its hot and arid sands and its lack of pure water.

Montana is a state by act of Congress, and in less than six months will have a government of its own. Those who have been disappointed in Oklahoma can with profit turn their steps towards Montana.

PUBLIC OPINION.

Mrs. James Brown Potter gets a fine "aid" out of the Centennial. Her Episcopal uncle preached that sermon, you know—*Buffalo Commercial Advertiser*.

Bishop Potter has received that which he probably sought, to wit, notoriety. His centennial sermon, to our minds, was the utterance of a crank.—*Troy Telegram*.

One result of the election of a Democratic Mayor of Chicago has been the reopening of the gambling dens, and gamblers are flocking to Chicago from all over the country.—*Troy Budget*.

The first President of the United States had his family coat of arms emblazoned on the door of his carriage. If Grover Cleveland follow this illustrious example might defeat him in 1892.—*Buffalo Express*.

Consul General New should be careful to avoid the popularity of ex-Consul General Walker in London or he will be in danger of being denounced as a "denationalized American."—*Providence Journal*.

There are influences at work to bring ex-President Cleveland back into politics, and make him the Democratic candidate for the Presidency in 1892. The chief of these agencies is the stupidity of Governor Hill.—*Syracuse Standard*.

Arbor day was not observed to any considerable extent in New York city. When a day of civic rejoicing is to be observed, it is expected to go several miles away from its neighborhood to plant a tree, carrying it with it, the chances are that it will not meet expectation.—*Troy Press*.

As the *Journal* predicted a few days ago, there are quite a large number of claims left in Oklahoma. The rush was one of towns and grabbers. The legitimate settler got what he wanted, but the speculators were foiled by the deputy marshals, who grabbed the best places of time.—*Wichita Journal*.

There are thousands of acres of land lying waste in swamps that might be profitably utilized in the same manner as near as Canastota if the owners had the enterprise and energy to drain and put them under cultivation. Instead of fighting malaria and the ague, they might be bringing forth onions, celery and other products of value to the community.—*Rochester Herald*.

Simultaneous tidings from Fort Ringgold in Texas and Fort Meade in Dakota showed, not long ago, that the season was advancing finely in the former region, with the mercury at 100 degrees Fahrenheit, while at the latter post things looked rather less hopeful, under ten inches of snow. This proves that there is always weather enough in these United States, if you only go to the right place to look for it.—*New York Sun*.

Governor Hill is really in a very bad hole on the so-called "ditch" bill affecting the park, police and judicial branches of the New York city government. On the one side he is confronted by his expressed opposition to non-partisan commissions, while on the other he is Tammany Hall demanding his signature to the measures. The chances are, however, that a little thing like consistency will hardly assume the importance in the Governor's mind that the friendly friends of Tammany possess.—*Albany Journal*.

SPECIAL BUSINESS NOTICES.

CARD OF THANKS.
I hereby desire to extend to all of my friends my thanks for the many kindnesses extended to me during my past illness of over three months, from rheumatism, and especially desire to tell them that but for Senator Bitters I should have been suffering still. May you never suffer what I have, is the wish of your friend, B. H. Taylor.

Used and found worthy. The original and reliable pain-killing *Hooper's*. Bitters. Bitters.

SPECIAL BUSINESS NOTICES.

THAT THIRD FEELING
Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and purifies the blood, and expels all impurities from the blood. Try it this season.

"MY SON IS A SON 'TILL HE GETS HIM A WIFE" but my daughter is my daughter all the days of her life. Both my son and daughter took Little Hooper's Pills regularly. It regulates the bowels and always cures sick or bilious headache, indigestion and kindred ailments. Give it a trial. Price \$1.00. Sent by mail, 10c. New London, Conn.

Rheumatism is caused by an acid in the blood; therefore, external treatment affords no permanent relief. To eliminate the poison and make a thorough cure of the disease, nothing else is so efficient as Ayer's Sarsaparilla. Give it a trial. Price \$1.00. Sent by mail, 10c. New London, Conn.

The well known strengthening properties of iron, combined with other tonic and most perfect nerve, are found in Carter's Iron Pills, which strengthen the blood and body, and improve the blood and complexion.

One of my children, a girl about nine years old, had a very bad discharge from her head and nose of a thick, yellow matter. We had two physicians for her, but without benefit. We tried Dr. Sarsaparilla, and much to our surprise, there was a marked improvement. The discharge continued until we had a short time the discharge was apparently cured. —O. A. Cary, Corning, N. Y.

100 LADIES WANTED.
And 100 men to call on any drugist for a free trial package of Little Hooper's Family Medicine, the great root and herb remedy, discovered by Dr. S. H. Lane, who has cured thousands of cases of Rheumatism, Gout, Gravel, and all kinds of blood, liver and kidney ailments. It is a positive cure. For constipation and clearing up the complexion it does wonders. Little Hooper's Family Medicine is a Large-size package 50 cents. At all druggists.

PILES! PILES! ITCHING PILES.
Symptoms: Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue, tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, and by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

"HACKBERRY" is a lasting and fragrant perfume. Price 25 and 50 cents. Sold by Frederick J. Clark.

MARRY YOUR SONS WHEN YOU WILL, YOUR DAUGHTERS WHEN YOU CAN.
But in either case counsel them to use nothing but Hood's Ointment for their hands and lips, and nose, cold cracks and rough, pimply skin. Never fails. All druggists, 25 and 50 cents, or mail stamps to Hood & Co., New London, Conn.

ARE YOU MADE MISERABLE BY INDIGESTION, CO? STOMACH DIZZINESS, LOSS OF APPETITE, AND SHIBB'S VITALIZER is a positive cure. Sold by Frederick J. Clark.

THE WORLD MOVES!
Don't disgust everybody with the offensive odor from your stomach just because some old fogy doctor, who has not discovered and will not believe that the world moves, tells you it cannot be cured. The manufacturers of Shiloh's Catarrh Balm have for many years offered, in good faith, \$500 reward for a case of nasal catarrh, no matter how bad or of how long standing, which they cannot cure. They are thoroughly responsible financially, as any one can learn by proper inquiry through druggists, who sell the medicine at only 50 cents, and they "mean business."

THE VERDICT UNANIMOUS.
W. D. Sult, Druggist, Bypass, Ind., testifies: "I can recommend Electric Bitters as the very best remedy I ever used. It has given relief in every case. I can testify to its efficacy in curing rheumatism of ten years' standing. Abraham Harte, druggist, Bellefontaine, Ohio, writes: 'The best selling medicine I have ever handled in my twenty years' experience is Electric Bitters. Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters cure all kinds of ailments of the Liver, Blood, and Stomach. Only half a dollar a bottle, at Vandusen Brothers', Rondout, and F. J. R. Clark's, Kingston, drug stores.'

THAT THIRD FEELING
Season is here again, and nearly every one feels weak, languid and exhausted. The blood, laden with impurities that have been accumulating for months, moves sluggishly through the veins, the mind fails to think quickly, and the body is still slower to respond. Hood's Sarsaparilla is just what is needed. It is, in a peculiar sense, the ideal spring medicine. It purifies the blood, creates an appetite, overcomes that tired feeling and imparts new strength and vigor to the whole body.

THE MOTHER GUIDING
Her children through the perils of infancy may be compared to a pilot steering a vessel through seas of dangers known to him alone. But the least of the great world's dangers arise from the fear of Whooping Cough, Croup and Diphtheria, the last two being especially dreaded. The cure of all these troubles of mothers now rely upon Dr. Kennedy's Cherry Balm as a tried, trusted and successful remedy to relieve the little ones. It is a wonderful specific for all these complaints. Containing no harmful ingredients it is wonderfully adapted to relieve the little ones. It is a wonderful specific for all these complaints. Containing no harmful ingredients it is wonderfully adapted to relieve the little ones. It is a wonderful specific for all these complaints. Containing no harmful ingredients it is wonderfully adapted to relieve the little ones.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 10 cents, 50 cents, and \$1.00. Sold by Frederick J. Clark.

KASKINE.
THE NEW QUININE.
Stimulates the Digestion, Calms the Nerves, Clears the Mind, Yet Contains no Narcotic.

A Powerful Tonic
A Specific for Malaria, Rheumatism, Nervous Prostration.

The most scientific and successful blood purifier Superior to quinine.

"After five years suffering from malaria, which nearly destroyed my constitution, having used without permanent benefit I tried Kaskine and got better right away. It gave me strength, and all left me, and health, sleep and strength returned. Wm. Kaskine, 168 Duane St., New York."

"I had all the symptoms of malaria poisoning; headache, rheumatic pains, great nervous depression, loss of sleep, indigestion, etc. The old quinine proving useless I tried 'The new quinine' and soon got better. W. Kaskine, 168 Duane St., New York."

Kaskine can be taken without any special medical advice. \$1.00 per bottle, or six bottles for \$5.00. Sent by druggist or sent by mail at special price. **KASKINE CO., 168 Duane St., New York.**

Tutt's Pills
Stimulates the torpid liver, strengthens the digestive organs, regulates the bowels, and are unequalled as an

Anti-Bilious Medicine.
In malarial districts their virtues are widely recognized, as they possess peculiar properties in freeing the system from that poison. Elegantly sugar coated. Dose small. Price 25 cents.

Sold Everywhere.

CATARH, HAY FEVER, COLIC, HEADACHE.

A Quick Relief. A Positive Cure.

Ely's Cream Balm
Cleanses the Head of Catarrhal Virus, Allays Inflammation, Heals the Sores, Restores the Senses of Taste, Smell and Hearing. Circular free. ELY'S Cream Balm, 36 Warren Street, New York.

ON THE LIQUOR HABIT, POSITIVELY CURED BY ADMINISTERING DR. HAINES' GOLDEN SPECIFIC.

It can be given in a cup of coffee or tea, or in articles of food, without the knowledge of the patient. It is absolutely harmless and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It never fails. Over 100,000 drunkards have been made temperate men who have taken Golden Specific in their coffee with out their friends knowing it. They believe they are drinking of their own free will. Forty-eight page book of particulars free. Circular free. ELY'S Cream Balm, 36 Warren Street, New York.

METAL SKYLIGHTS.
Made of galvanized iron and copper. Absolutely no leakage from any source, no dripping or sweating, fire-proof, ventilating. Galvanized iron and copper corners and gutters. Sheet metal work for buildings. Send for illustrated circular.

E. VAN NOORDEN & CO.,
383 Harrison Ave., Boston, Mass.

PAIN'S CELERY COMPOUND
ACTS AT THE SAME TIME ON
The Nerves,
The Liver,
The Bowels,
and the Kidneys.

This combined action gives it wonderful power to cure all diseases.

WHY ARE WE SICK?
Because we allow the nerves to remain weakened and irritated and these great organs to become clogged or torpid and poisonous humors are therefore forced into the blood that should be expelled naturally.

PAIN'S CELERY COMPOUND
Will cure Biliousness, Piles, Constipation, Kidney Complaint, Urinary Diseases, Female Weakness, Rheumatism, Neuralgia and all nervous disorders.

By quieting and strengthening the nerves and causing free action of the liver, bowels and kidneys and restoring their power to throw off disease.

Why suffer Bilious Pains and Aches? Why torment with Piles, Constipation? Why frightened over Acidic Kidneys? Why endure nervous or sick headache? Why have sleepless nights?

Use Paine's Celery Compound and rejoice in health. It is an entirely vegetable remedy, harmless in all cases.

Sold by all Druggists. Price \$1.00. Six for \$5.00.

Dress the Hair

With Ayer's Hair Vigor. Its cleanliness, beneficial effects on the scalp, and lasting perfume commend it for universal toilet use. It keeps the hair soft and silken, preserves its color, prevents it from falling, and, if the hair has become weak or thin, promotes a new growth.

"To restore the original color of my hair, which had turned prematurely gray, I used Ayer's Hair Vigor with entire success. I cheerfully testify to the

Efficacy

of this preparation."—Mrs. P. H. Davidson, Alhambra, Cal.

"I was afflicted some three years with scalp disease. My hair was falling out and what remained turned gray. I was induced to try Ayer's Hair Vigor, and in a few weeks the disease in my scalp disappeared and my hair resumed its original color."—Rev. S. S. Sims, Pastor U. B. Church, St. Bernice, Ind.

"A few years ago I suffered the entire loss of my hair from the effects of tetter. I hoped that after a time nature would repair the loss, but I waited in vain. Many remedies were suggested, none, however, with such power of merit as Ayer's Hair Vigor, and I began to use it. The result was all I could have desired. A growth of hair soon came out all over my head, and grew to be as soft and heavy as I ever had, and of a natural color, and firmly set."—J. H. Pratt, Spofford, Texas

Ayer's Hair Vigor,

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Drug Gists and Perfumers.

RHEUMATISM.

For More than Twenty-five Years—A Complete Recovery—The Means Used.

I had Inflammatory Rheumatism. For nearly a year I had to be fed and turned in bed. I could find no relief. My stomach was ruined with powerful medicines taken to effect a cure, but I was compelled to live on bread and water. I suffered for twenty-five years in this way. I was induced to try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y., and

I Am Now Well,

thanks to his medicine. Dr. Kennedy's Favorite Remedy is my best friend. By its use I am enabled to enjoy a good night's rest; also food, such as meat and poultry, which I have been deprived for years, showing that the Favorite Remedy has no equal for the cure of Indigestion and Dyspepsia as well. If any should doubt this statement, I will send the ready proof at once.—GARRETT LANSING, Troy, N. Y.

It is my pleasure and absolute duty toward those who are struggling for very life against the deadly

Disease of the Kidneys

to add testimony to the wonderful efficacy of Dr. Kennedy's Favorite Remedy. My wife was in a hopeless condition, despaired of by the physicians. Dr. David Kennedy's Favorite Remedy was resorted to; not because any hope was placed in it, but because nothing else remained. The effect was little short of a miracle. With the use of the second bottle, she regained her strength and continuing the treatment has fully recovered.—JAY SWEET, Albany, N. Y.

Dr. Kennedy's Favorite Remedy,

PREPARED BY

DR. DAVID KENNEDY, RONDOUT, N. Y.

\$1 per bottle. Six for \$5. By all druggists.

SULPHUR BITTERS

RAGING FOREST FIRES.

One Hundred and Fifty Miles Of Flame in Minnesota.

A LARGE MILL FIRED.

Loss of \$300,000 at Watertown, New-York.

GENERAL TELEGRAPH NEWS

By Telegraph to The Freeman.

St. Paul, Minn., May 6.—Furious forest fires are raging in Northern Minnesota and Northern Wisconsin, and an immense amount of damage has been done. For miles on three sides of Duluth the fire rages, and many country residences have been destroyed.

On the Hermantown road, near Duluth, every dwelling for four miles has been destroyed. It is feared some lives have been lost, as incoming farmers report a vast sea of fire which is sweeping everything before it.

A high wind is blowing, which makes it impossible for any headway to be made against the fire. It must simply burn until there is nothing more for it to destroy. Several houses were burned, yesterday, near Spirit Lake. A large number of telegraph poles have been burned and communication is interfered with. In some places ties on railroad track, have been burned, making it dangerous to move trains.

South of Ashland, for 150 miles, the forests are ablaze. On the Fond Du Lac Indian reservation over \$200,000 worth of skidded logs were consumed. Other losses aggregating \$10,000 also occurred on the reservation. Cumberland, Wisconsin, is almost wholly surrounded by fire. The losses aggregate \$40,000. North of Grantsburg, Wis., the fire has destroyed everything in its path. Along the Northern Pacific Railroad, in the neighborhood of Cromwell, the tamarack forests and whatever else comes in the way is being burned. It is hoped a heavy rain will come soon and stop the further spread of the fire.

Near Hockley, Minn., Thomas Campbell and Ernest Hinkle were surrounded by fire, and finally, their cabin was burned about them. They took refuge on half an acre of plowed ground, but were terribly burned and will die. Four yoke of cattle perished.

Duluth, Minn., May 6.—There was quite a heavy rain for a few minutes in this vicinity yesterday, which cleared the atmosphere in Duluth of the heavy smoke and checked somewhat the forest fires in the country, but the shower was local, and the fires in most directions are still raging. A lumberman who arrived from Ashland, Minn., on the Northern Pacific Railroad, said there was but little rain there and it did not do any good. Near Carlton Station, Wis., the house, barn and brickyard of F. H. Appygar were destroyed. Superintendent Green, of the Northern Pacific Railroad, has arrived from Brainerd. He reports little rain in that direction and the country covered with smoke from the burning woods.

An engineer on the night train on the St. Paul & Duluth Railroad, which arrived here yesterday morning, says that on the run from Mission Creek to near Duluth, 60 miles, there was no need of a head-light, the tracks being lighted up by the flames. The damage to farmers and to lumbermen will be great. Several lumber camps have been burned out. Everywhere the cry is for rain.

OTHER FIRES REPORTED.

WINNEPEG, May 16.—A fire here this morning destroyed the following places: Bell Brothers' grocery, C. A. Barkerville's hardware store, M. E. Farmer's stationery store, the Nickel Plate Hotel, R. Opstein's auction room, O. Anderson's provision house, R. Lyon's boot and shoe store, the Jewish Synagogue, and the Brooklyn Hotel. The Zion Methodist Church and other large buildings were badly scorched but were saved with little damage. E. McKeown, of the Nickel Plate Hotel, loses everything, his insurance policies having expired on May 1.

By Cable to The Freeman.

LONDON, May 6.—The soap works of David & William Gibbs, in Hanover Court, Milton-street, have been burned. Loss £100,000.

Better Times are Expected.

NEW-YORK, May 6.—Suffering has been engendered among coal miners in Pennsylvania owing to their inability to find employment. Better times are expected next month.

Boston, May 6.—At a mass meeting of miners yesterday, representing five shafts, it was decided to discontinue work until there is a settlement of difficulties.

Anxious to Hear a Noted Tenor.

MADRID, May 6.—At the last sitting of the Catholic Congress a crowd of ladies invaded the church to hear a choral service in which the tenor, Gayerre, was to take part. So great was the crowd that delegates to the Congress were unable to reach their seats. The President refused to allow the services to begin and the audience dispersed amid much disorder.

Murder in Missouri.

TRENTON, Mo., May 6.—Jacob Pfeffer, a farmer, has been murdered. His body was found on the farm yesterday, his head crushed and legs broken. Kirk Nichols, an employee of Pfeffer's, who tried to sell some of his personal property, has been arrested and is in danger of being lynched.

Watched Their Victims Burn to Death.

CONSTANTINOPLE, May 6.—It is reported that a Kurdish chief, who recently escaped from prison, gathered a number of followers and attacked an Armenian village. The band seized several prominent men, poured over them petroleum, to which they set fire, and then watched their victims slowly burn to death.

Boiler Explosion in Manchester.

MANCHESTER, N. H., May 6.—A boiler at Lowell's Iron Foundry exploded with terrific force yesterday. A three-story brick building, in which it was located, was demolished.

Marlborough Men and Matters.

The Marlborough, Jr., Base Ball Club was organized last week. It is named after the Farmers' Hotel has been changed to "Pleasant View."

The same number of licenses were granted in Marlborough by the Excise Board at a meeting held last week, as were given last year.

A syndicate of young men who are interested in base ball matters have arranged to receive telegraphic reports of all ball games played by the League clubs at the conclusion of every game.

Commission merchants and their agents are canvassing the fruit districts in Southern Ulster at the rate of 20¢ per day. Boston, Philadelphia, Montreal, New-York and Southern markets are represented.

The old Isaac Drake barn, which has stood for a half-century on the south side of the Bloom-street hill, was torn down last week. The owners of the property—the congregation of St. Mary's Catholic parish—are about to enlarge their church by building an addition to the edifice extending upon the Drake lot.

Dirt and the Sprinkling Nuisance.

Sweeping up the dirt in streets in Lower Rondout is one of the lost arts. Sprinkling the dust with garden hose is as much of a nuisance as ever. Some people say this is done for the amusement of clerks. Others say it is done to spoil clothing.

SPECIAL BUSINESS NOTICES.

A WOMAN'S DISCOVERY.

"Another wonderful discovery has been made and that too by a lady in this country. Disease fastened its clutches upon her for seven years she stood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of Dr. King's New Discovery for consumption and was so much relieved on taking the first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus wrote W. C. Hamrick & Co., Shelby, N. C. Get a free trial bottle at Van Deusen Bros. and F. J. R. Clarke's drug stores.

What you need is a medicine which is pure, efficient, reliable. Such is Hood's Sarsaparilla. It possesses peculiar curative powers.

FORCED TO LEAVE HOME.

Over 60 people were forced to leave their homes yesterday to make room for a free trial package of Lane's Family Medicine. If your blood is bad, your liver and kidneys out of order, if you are constipated, and have headache and an unsightly complexion, don't fail to call on our druggist to day for a free sample of this grand remedy. The ladies please it. Every one likes it. Large size package 50 cents.

PNEUMONIA, THE MOST DANGEROUS of all acute attacks, is prevented by the use of the great Hooper's Preparations. The greatest remedies in the world, for Lung and Throat Troubles. 35 cts.

Mamma! (to her little boy): "Now, Dennis, if you'll be good and go to sleep, mamma'll give you one of Dr. Ayer's nice sugar coated Cathartic Pills, next time you need medicine." Benne, snuggling sweetly dropped off to sleep at once.

Those unhappy persons who suffer from nervousness and dyspepsia should use Little's New Pills, which are made expressly for sleepless, nervous, dyspeptic sufferers. Price 25 cents.

"BOAT, AHOY!"

The rapids are below you," cried a man to a pleasure party who had descended swiftly down the stream toward the foaming cataract. And we would cry "Boat, aho!" to the one whose life is being drawn into the whirlpool of consumption, for unless you use effective measures you will be wrecked in the rapids. Dr. Pierce's Golden Medical Discovery will strengthen and re-vitalize your lungs to a healthy condition, and is sure relief for coughs and colds.

WILL YOU SUFFER WITH DYSPEPSIA AND Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by F. J. R. Clarke, Kingston.

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. It is the best remedy in the world. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind-colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. It is a perfect remedy for children teething is pleasant to the taste, and is the children of our day. It is sold by all druggists, nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

A NASAL INJECTOR free with each bottle of Shiloh's Catarrh Remedy. Price 50 cents. Sold by Frederick J. R. Clark.

Yellow as Egyptian mummy, Was his sallow face, And he seemed a very dummy Of the human race. Now he's brimmed with sunshine o'er Northern and sparkling eye, Tell us that he lives in clover; Ask you the reason why?

What has wrought this transformation? Dr. Pierce's Pleasant Purgative Pellets restored this dilapidated individual in a single week, clothing him to regulate the liver-stomach and bowels. SHILOH'S CURE will immediately relieve Croup, Whooping Cough and Bronchitis. Sold by Frederick J. R. Clark.

There is no one article in the line of medicines that gives so large a return for the money as a good porous strengthening plaster, such as Carter's Smart Weed and Belladonna Backache Plasters.

HOW NICE.

Miss Bell is looking, Adie, Yes, Laura, Why, only a year ago her face was completely covered with pimples, blotches and sores. She told mother that she owed her nice, clear complexion to her using Sulphur Bitters. Well, Laura, I shall try them too.

SHILOH'S VITALIZER is what you need for Constipation, Loss of Appetite, Dizziness and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle. For sale by F. J. R. Clarke, Kingston.

The Hop Plaster has a kind. Popular use proves this. They soothe, allay pain, strengthen.

Ely Bros, I have been afflicted with catarrh. I purchased a bottle of your Cream Balm. It has effected a complete cure.—H. C. Abbott, 97 Grant-avenue, Allegheny City, Pa.

THE WOES OF WOMEN.

Weariness, Unhappiness and Misery Seem to be the Lot of Women Instead of Brightness, Happiness and Joy—The Cause of Bad Complexion Explained.

"Why is it that so few American women have good complexions?" asked Mrs. Langtry on her first visit to America. Her question can be easily answered. Women are sallow because the blood does not circulate well through their bodies. It does not fill their cheeks with rich color and their eyes with brilliancy. It is "sallowish." What is the result? Bad color, weariness, and poor health. What will prevent this? A gentle and pure stimulant that imparts strength, life and good circulation. This is precisely what Duffy's Pure Malt Whiskey does. It is not a beverage; it is a health-giving remedy. It is adapted to have done more in making ladies stronger and healthier than any other preparation known to the world. It has the endorsement of clergymen, physicians and lady workers in the temperance cause, and it has never been known to fail in strengthening, restoring and beautifying. A well-known lady, writing on the subject, said: "I can never describe the change that has taken place in my appearance and my feelings. Instead of feeling tired and 'blue' as I once did, I am now strong and young, both in feeling and appearance. I had great prejudice against the word 'Whiskey,' but since I have found that Duffy's is indeed a pure and harmless remedy, I feel like letting all women know what a grand tonic it is."

The experience of this lady has been verified in thousands of cases, and an immense number of women are kept in perfect health to-day wholly through the great remedy. To all purchasers we desire to say, "Be sure and secure the genuine, and take no other." It is sold everywhere.

COUGHS, SORE THROAT, INFLUENZA, WHOOPING COUGH, CROUP, BRONCHITIS, ASTHMA, and every ailment of the Throat, Lungs and Chest are speedily and permanently cured by the use of

WISTAR'S BALM OF WILD CHERRY.

which does not dry up a cough and leave the cause behind, but loosens it, cleanses the lungs, and allays irritation, thus removing the cause of the complaint. CONSUMPTION CAN BE CURED by a timely resort to this standard remedy. It is proved by hundreds of testimonials. The genuine is signed "J. B. Wistar," the wrapper, SERA W. FOWLER & SONS, Proprietors, Boston. Sold by dealers generally.

MARVELOUS MEMORY DISCOVERY.

NEW YORK SUPREME COURT—TRIAL DECEASED hereby certify that I have compared the foregoing ordinance with the original on file and on record in the City Clerk's office, and that the same is a correct transcript thereof and of the whole of said original.

AUGUSTUS SCHEPMEER, City Clerk.

CITY ORDINANCE—AN ORDINANCE FOR THE construction of lateral sewers in portions of the First Ward in the City of Kingston.

Passed April 12, 1889.

The Common Council of the City of Kingston do ordain as follows:

Resolved, That lateral sewers be constructed in such portions of the First Ward, in said City as may be located with the sewer extending from Linermain-avenue to the Esopus Creek, namely: In and through parts of Green-street, Crown-street, Wall-street, Fair-street, Clinton-avenue, Albany-avenue, Union-avenue, Pine-street, Cedar-street, Pearl-street, Madison-street, John-street and North Front-street, together with the necessary connections, inlets, manholes, etc., in accordance with the plan reported by A. Grant Childs, City Engineer, in July, 1884, and as modified and governed by the ordinance or resolution bearing even date herewith, entitled: "An ordinance or resolution to establish a system of sewerage for the First Drainage District in the City of Kingston."

Resolved, That the lands necessary for the construction and maintenance of such sewer, as shown on such map as submitted by A. Grant Childs, be taken and appropriated for the same, in pursuance of the provisions of Section 94 of the Charter of said City, and that notice of such determination to take and appropriate such lands in such a special assessment, and that the same be taken and appropriated as aforesaid, in the manner prescribed by said section.

Resolved, That such sewer be constructed in accordance with the foregoing resolutions and in accordance with plans and specifications to be prepared by the City Engineer and approved by the Common Council, and that the same be done under the supervision of the Committee on Sewers, the City Engineer and the Superintendent of Streets, Sewers and City Property, and that twenty-five per cent. of the cost thereof be paid by a general tax upon the City and that the remaining seventy-five per cent. of the cost thereof be paid by a special assessment upon such portions of the real estate in said City as are assessed for the same.

Resolved, That the lands necessary for the construction of such sewer be taken and appropriated for the same, in pursuance of the provisions of Section 94 of the Charter of said City,

CITY AND SUBURBAN NEWS.

DASHES HERE AND THERE THIS SIXTH DAY OF MAY.

The Sunday Bathing Nuisance in Rondout Creek—Union-Avenue of a Saturday Night—Recklessness Attributed to Riders of Bicycles—A Circulating Library Project.

Telephone and local on pages 1 and 2.

Song birds are numerous in and about this City.

Every mechanic who lives in Rondout and cares to work is employed.

Commercial travelers in town, to-day, said that trade is "picking up."

Eugene Hale, son of Wilbur Hale, of this City, has returned home from Texas.

The sidewalks in portions of Rondout are again lumbered up with all kinds of merchandise.

Strangers often ask why the names of the streets in this City are not painted on the street lamps.

New cottages recently erected in this City rented readily. The demand is still larger than the supply.

A man walks about the streets of Lower Rondout who is so lazy that it makes other men tired to look at him.

Montrose Cemetery never had so many entrances as now. Some new fencing around it would not come amiss.

The horn of the shed paddler is one of the early morning sounds "Up-the-Dock" and along the Valley of the Rondout.

The march of improvement is particularly noticeable on Lower Union-avenue. New frontages have been placed in many places of business.

Yesterday was a perfect day. Women and children flocked to the park in this City, and bouquets of fragrant wild flowers were plucked.

The absence of a flag on the City Hall staff during the Centennial week was not on account of a lack of patriotism. The halliards were out of repair.

To own a goat that is broken to harness is a popular fad with Rondout small boys. The price of a kid is \$1. The boys break the animals themselves.

The average small boy here gazes on the show bills of Broadway & Bailey with an intensity that will make a boom in old junk for the next few days.

When Chestnut-street, south-west of Ulster Academy, is graded, the road-bed top dressed and the water mains extended there a building boom is expected.

Honeysuckles are now among the wild flowers found by children. They are prolific in the woods and fields of the town of Esopus, bordering on the Rondout Creek.

The news that the fruit crops are all right will be good news to business men here. Ulster County horticulturists will have money to spend the coming summer and fall.

Complaint is made that certain riders of bicycles in this City do not respect the rights of pedestrians. In instances riders old enough to know better have been reckless to a degree.

D. D. Holt is ill. This is the first time in 37 years that he has missed, on account of illness, the making out of his report in the Delaware & Hudson Canal Company's office, where he is employed.

The "swamp" owned by the Delaware & Hudson Canal Company, near Bardsville, Rondout, is now a dumping ground for City refuse. When filled in the ground will greatly increase in value.

There is a rumor going the rounds that a circulating library may soon be opened here. Such a consummation has long been hoped for by many people of literary tastes and comparatively limited means.

One of the things promised for the future on the Island Docks of the Delaware & Hudson Canal Company, Rondout, are piles of coal 100 feet high. This feat, it is said, will be accomplished by improved machinery.

"I have a bone to pick with you," said a man this morning on the steamboat James W. Baldwin, docked, Rondout, to a fisherman who sat in his boat surrounded by his "latest catch." "Well, pick it with my shaft," replied the fisherman.

If Bergh's agent here has any compassion for that beast of burden, the horse, he would do well to stand on Union-avenue, below the hill, an hour or two each day. Should an example be made of one or two drivers cruelly would cease.

Peddlers apparently are now more numerous in Rondout than ever before. Many of the itinerants have no license, and much of the stuff hawked from door to door is comparatively worthless. The unlicensed peddler nuisance cannot be abated any too soon.

William Arnold, of Rondout, has a glass bottle or flask which has been in the Arnold family for 150 consecutive years. There is "blown" or "unked" on the side of the bottle a German legend which interpreted reads: "The flame of love keeps us together—1735."

It is again in order to say that the prices asked for school books in these days of rapid presses are too much. School books are printed by the thousands. There seems to be no good reason why they should not be as cheap as all other printing of the same quality and material.

"Colonel" Betts, whose recent transactions caused comment, was in Rondout on Saturday. He purchased a team of horses and a wagon from Stock & Rice, the animals and vehicle being those that Stock & Rice seized on the "Colonel's" place, in Highland, under a judgment some time ago.

A teacher of a class here was giving a lesson on patriotism to some little tots under her charge, a day or two ago. After singing the lines beginning, "My Country, 'Tis of Thee," a bright-eyed little four-year-old was asked: "What is our country?" Immediately the baby piped forth: "Rondout."

Spring bonnets and hats are of many fanciful and unique designs. Some look as if they had been placed under a wagon-wheel and then picked up and sprinkled with flowers. The "clam-shell" is among the favorite shapes, while the "horse-shoe" or "jersey lobster" is much sought after.

A game of base ball "Up-the-Dock," Rondout, yesterday, was disturbed by a religious service held under the auspices of the Rondout Young Men's Christian Association. After the services had begun a number of boys who were on the dock fishing, pulled in their lines and became interested in what the "preacher" man said.

Rondout parties have been holding old iron "for a raise" for the last 15 years. During that time iron has risen and fallen several times in price, but it never went high enough to suit those who wished to sell. It is said that enough money has been paid out for moving the iron around from one place to another to buy it several times over. There is enough old iron in Rondout to load several ships.

Several nude boys bathed in the waters of Rondout Creek on Sunday in full view of church-going people. The manner in which young rowdies are allowed to disport themselves, especially on Sundays, all summer, is disgraceful. This is not as it should be. Officers should be instructed to enforce the law.

In past years the rag, tag and bob-tail contingent has not been molested, and the result is many of the hoodlums have grown bold to a degree.

Union-avenue, from St. Mary's Church to the Strand, at a Saturday night like that of May 4, presents a commotion all its own. In some respects it resembles portions of the Bowery, New York City. All sorts and conditions of men and women jostle one another, and the way in which some of them audaciously peer judgment in their fellows is as amusing as it is instructive. One thing is the promoters should be taught and that is this: "The rule of the road is keep to your right."

A BRIGHT OUTLOOK FOR SMALL FRUITS

What Returns Received by "The Freeman" From Along the Hudson Valley Show.

From reports received by mail and by telegraph from the fruit-growing sections along the Hudson Valley by THE FREEMAN to-day there is every reason for believing that the year 1889 will be the most prolific on record. For two weeks there has been a wealth of blossoms on every hand. Generally speaking, the season is from five to 10 days ahead of last year.

If one-third of the peach buds that have blossomed mature the yield will be in excess of any previous year. Last year the blizzard killed the buds in many localities. The peach-growers say that the year and a half's rest the trees have had will cause the prospective fruit to be more juicy and finer in fiber than since 1886, when a somewhat similar blight produced that result. Many new trees have been set out recently.

All classes of raspberry bushes promise great things. Two varieties excepted, the bushes never showed greater vitality than at present. Every indication points to a large and exceptionally fine crop of this fruit. The raspberry acreage during the past three years has been largely increased. Here and there attempts are being made to revive the culture of the North River Antwerp, noted for its beautiful color, aroma and fine, silky texture. During the 40 years or so that the Antwerp was successfully grown for 60 miles along the west bank of the Hudson River, between Cornwall and Catskill, many men have amassed competence. Why the fruit "ran out," except in one or two sections where vigorous patches can still be found, has never been satisfactorily explained. There is no question that the Antwerp is the finest of all the raspberries.

During the past 10 years three-fourths of the berries sold in New York City for Antweps were hybrid productions. Several new berries, in some respects resembling the Antwerp, will be marketed two months hence. The grape crop for a distance of 70 miles along the west bank of the Hudson and extending from one to 12 miles inland and to a less extent on the east bank promises to be enormous, exceeding that of any previous year by at least 10,000 tons. During the coming fall hundreds of acres of new Concord vines will come in bearing for the first time. Every vine the vines are growing luxuriantly. The indications are that the transportation facilities by boat and by rail will be taxed to the utmost, and already growers are making preparations to make the entire yield will be Concord. This variety of fruit grows to perfection along the Hudson Valley, the climate and soil seemed to be peculiarly adapted for its successful propagation.

As to general expectation the apple crop will be fully up to the average, the trees having blossomed heavily. Peas give promise of yielding a rich harvest. Plums, apricots and currants are all growing finely. Strawberries wintered well, and the copious rains during the past few days of April did much toward increasing full yields of the early varieties. Other small fruits are in vigorous condition. In its entirety the outlook for a bounteous fruit harvest was never brighter.

In one or two localities in Ulster and Greene counties frost did slight damage last Friday night. The loss, however, is a mere bagatelle.

IN THE LOCAL FIELD OF EDUCATION.

Teachers to Compare Notes at Ulster Academy—Questions Propounded.

The next meeting of the Teachers' Association of the First Commissioner District will be held in Ulster Academy, Rondout, Saturday, May 18. The following programme has been arranged:

10:00-10:15—Devotional exercises.
10:15-10:30—Routine business.
10:30-11:00—Class exercise—Miss Ida McMillan.
11:00-11:30—The importance of letter writing.
11:30-12:00—Drawing—Mrs. M. E. Van Wageningen.
12:00-1:30—Annual report and dinner.
1:30-2:00—Language—Miss R. Eadie.
2:00-2:30—Number lesson, a class exercise—Miss R. Eadie.
2:30-3:00—How to awaken pupils an interest in their work.
3:00-3:30—Current topics, a class exercise—D. G. Atkins.
3:30-4:00—"The Schoolmaster's Guests"—Miss Lucy Pattison.
4:00-4:30—Closing exercises.

An examination for teachers' certificates was held at West Hurley on Saturday last. Eleven candidates were present. Among the questions the applicants were called upon to answer were the following:

What matter in the composition of bones gives them toughness and elasticity?
State some means by which nature purifies the air.
How may a child resulting from mating be prevented?
Why is severe mental labor liable to induce cold feet?
Name in order of location the 13 original states of the Union.
What were the two great political parties during Washington's administration? What were they in 1860?
What General first thoroughly organized the Army of the Potomac?
Give an incident of the battle of Gettysburg.
What was the Sanitary Commission? The Christian Commission?
The name of John Ericsson, recently deceased, was prominently connected with what event of the civil war?
Briefly describe the recent casualties in Samoa.
What Government land has been recently opened to settlement by proclamation of President Harrison?
Give the location of the alleged rich gold fields recently discovered.
What English statesman died last March?
Name four great rivers of one continent and a country in which each is the prevailing race.
Name two canals of this State and tell what waters each connects.
A hotel is insured for two-thirds of its value at 1 per cent premium, and the premium amounts to \$150. Find the valuation of the hotel.
What is statute law?
How many judges constitute the General Term Court? By what authority are they chosen? Who only can be chosen?
How are vacancies in the United States Senate filled?

A FATAL ACCIDENT IN KINGSTON.

John S. Westbrook Killed by Falling Out of a Window on the Pavement.

A distressing accident occurred in Kingston on Saturday night. John S. Westbrook, son of Hon. F. L. Westbrook, accidentally fell out of the second-story window of his residence, corner of Green and St. James-streets, struck on the pavement and fractured his skull. He died from the effects of his injuries on Sunday about noon. Mr. Westbrook had been placed under the window smoking a cigarette. The window is very low and it is supposed that while leaning out he slipped, fell on the roof of the piazza, which is very steep at that point, and rolled from thence to the pavement below. Mrs. Westbrook was in an adjoining room and heard the fall. She ran in and screamed for help. This brought neighbors to her assistance. The injured man was conscious until a moment after his wife reached him. Mr. Westbrook was 36 years of age. The funeral will take place from the residence of his father, on Clinton-avenue, at 2 o'clock to-morrow afternoon.

A Young Life Saver.

On Saturday evening an eight-year-old boy named Edward Motrie, while playing in a small boat near the ferry-boat Transport's dock, Rondout, fell into the creek. Alexander Cohen, aged 11 years, jumped from the dock into the boat and grasped Motrie by the hair and held him until help arrived.

Kingston Philharmonic Society.

A rehearsal of the Kingston Philharmonic Society will be held at 8 o'clock to-morrow evening, in the Academy of Music. The full programme of the concert, to be given on Wednesday evening, will be presented. The concert promises to be highly successful.

Special Term in Kingston.

Special Term will be held at Chambers at the Court House, Kingston, on Saturday, Judge Edwards will probably preside.

A QUESTION OF LICENSES.

EVANGELICAL ALLIANCE HAS SOMETHING TO SAY IN THE PREMISES.

The Board of Excise Listen to Protests and Asked if Granting Hotel Licenses to Places That Have Not Hotel Accommodations is in Accordance With the Law.

The Board of Excise of this City met at the City Hall, this forenoon, to grant licenses. A number of saloon-keepers and "hotel men" were present, as was also a committee, consisting of the Rev. A. K. Fuller, Pastor of the Curtis-Street Baptist Church; the Rev. O. Haviland, Pastor of the St. James M. E. Church; the Rev. Thomas Lamont, Pastor of the Rondout M. E. Church; the Rev. W. Shaw, Pastor of the Church of the Comforter, Willetts; William S. Smith, Sunday School Missionary; the Hon. James G. Lindsey, D. B. Abbey and others. These gentlemen made a protest to the Board against granting licenses indiscriminately. Mr. Fuller made an address. He said that the Committee was composed of officers and members of the Evangelical Alliance, and represented nine churches, who voiced the sentiment of 4,000 of the most intelligent and law-abiding citizens. He then read the following preamble and resolutions drawn by the Rev. W. A. Shaw, which were adopted at a meeting of the Board of Excise, held at the Young Men's Christian Association rooms, a short time ago, as the basis of a protest and appeal to the Excise Board in respect to the restriction of licenses:

WHEREAS, The traffic in debasing beverages is assuming alarming proportions in our City to the increasing number of saloons and the apparent facility with which licenses are obtained, and, as a consequence, later and more vicious vices, such as the sale of intoxicating liquors, the fall of husbands and fathers, the prevalence of the traffic in women, and the suffering of the poor, are increasing, and the existence of this traffic inflicts upon them; the licensing of a single saloon is almost without exception the beginning of a bad and ruinous trade in vices and families in the immediate vicinity where it is established, and works moral deterioration to a much wider extent than the law-abiding citizens of our City that this traffic ought greatly to be restricted, and moreover that the license of a single saloon is almost without exception the beginning of a bad and ruinous trade in vices and families in the immediate vicinity where it is established, and works moral deterioration to a much wider extent than the law-abiding citizens of our City that this traffic ought greatly to be restricted, and moreover that the license of a single saloon is almost without exception the beginning of a bad and ruinous trade in vices and families in the immediate vicinity where it is established, and works moral deterioration to a much wider extent than the law-abiding citizens of our City that this traffic ought greatly to be restricted, and moreover that the license of a single saloon is almost without exception the beginning of a bad and ruinous trade in vices and families in the immediate vicinity where it is established, and works moral deterioration to a much wider extent than the law-abiding citizens of our City that this traffic ought greatly to be restricted, and moreover that the license of a single saloon is almost without exception the beginning of a bad and ruinous trade in vices and families in the immediate vicinity where it is established, and works moral deterioration to a much wider extent than the law-abiding citizens of our City that this traffic ought greatly to be restricted, and moreover that the license of a single saloon is almost without exception the beginning of a bad and ruinous trade in vices and families in the immediate vicinity where it is established, and works moral deterioration to a much wider extent than the law-abiding citizens of our City that this traffic ought greatly to be restricted, and moreover that the license of a single saloon is almost without exception the beginning of a bad
